GOVERNOR JEFF COLYER, M.D.
ROBERT NORTH, INTERIM SECRETARY

TO: The Honorable Governor Colyer
Senate Assessment and Taxation Committee
Senate Commerce Committee
House Commerce, Labor and Economic Development Committee
House Taxation Committee

FROM: Robert North, Interim Secretary of Commerce *RN*

DATE: December 26, 2018

RE: Fiscal Year 2018 PEAK Annual Report

The following information is for the reporting period beginning July 1, 2017 and ending June 30, 2018 (Fiscal Year 2018) and is provided to satisfy the annual reporting requirements of K.S.A. 74-50,216 in the Promoting Employment Across Kansas (PEAK) Act.

In 2009, Senate Bill 97 was passed and signed into law creating the PEAK program effective July 1, 2009. Companies that were relocating jobs to Kansas from out of state could retain 95 percent of the withholding taxes generated by the new employees that were paid wages at or above the county wage standard. Legislative changes in 2010 and 2011 broadened the program to allow companies to qualify that were locating a new business operation or function in Kansas, and to allow existing Kansas companies to begin participating in 2012. Additionally, the use of PEAK to retain jobs in Kansas began January 1, 2013 and ended June 30, 2018.

During FY 2018, thirty-seven (37) companies signed new agreements, projecting the hiring or retention of 11,395 PEAK Jobs, with a direct annual payroll of \$770.6 million and \$1.98 billion in capital investment expenditures. A total of 263 active agreements were required to submit quarterly reports. Of the 263, fourteen (14) companies terminated their agreement during the period. The remaining 248 active agreements projected the hiring or retention of 37,444 PEAK Jobs, with an estimated \$2.4 billion in direct annual payroll and \$5.0 billion in capital investment expenditures.

In FY 2018, companies reported the following results:

- 13,783 PEAK Jobs were created or retained, with an average hourly wage of \$42.21.
- \$1.5 billion in total payroll generated \$65.0 million in Kansas Individual Income Tax Withholding.
- Companies retained \$43.5 million, or 66.8%, of the withholding from PEAK Employees that received wages at or above the county wage standard (known as PEAK-Eligible Employees).
- \$21.6 million, or 33.2%, of the withholding was remitted to Kansas as the required five percent for PEAK-Eligible Employees and for PEAK Employees whose individual wages did not meet the county wage standard.
- Using industry-specific multipliers, 5,700 indirect jobs and \$280 million of indirect income are estimated to have resulted from the PEAK Jobs and wages reported in FY 2018 (Source: EMSI 2018.4).

- The return on investment (ROI) on the \$43.5 million withholding retained by PEAK participant companies in FY 2018 is estimated to be over \$2.4 billion*, including \$191.4 million** in state and local tax revenue, and over \$41.7 billion*** in growth to the Kansas economy.

* \$1 PEAK Investment = \$57 Total ROI (Source: Legislative Post Audit Report R-14-011 December 2014)

** \$1 PEAK Investment = \$4.40 ROI in State & Local Tax Revenue (Source: Legislative Post Audit Report R-14-011 December 2014)

*** \$1 PEAK Investment = \$960 ROI in Kansas Economy Growth (Source: Docking Institute of Public Affairs PEAK Program Evaluation & Economic Impact Analysis August 2013)

Table 1 lists active and/or signed agreements in FY 2018. An asterisk indicates that the agreement was signed in FY 2018. A double asterisk indicates that the agreement was terminated in FY 2018.

If you have any questions about this report, please don't hesitate to contact my office at 785.296.3481.
