Original Submission 02/01/2021

Please provide your name: **Jade Piros de Carvalho**

Please provide your address: **P.O. Box 407
Buhler
Kansas
67522
US**

Please provide a phone number: **620-200-1167**

Please provide your email contact: **jadepiros@ideatek.com**

Are you responding on behalf of an organization? **Yes**

Please provide the name of the organization and address for which you are submitting comments: **IdeaTek Telcom, LLC, 111 Old Mill Ln, Buhler, KS 67522**

Which of the following best describes you?
(Check all that apply) **Internet provider in proposed service area**

I am providing comments related to the following application (choose one):

Crazy Communications - Hutchinson, KS

I am submitting comments to express

Concerns regarding a project

I am sharing concerns the project:

Proposes to serve an area that already has service

Please provide your comments in the text box below.

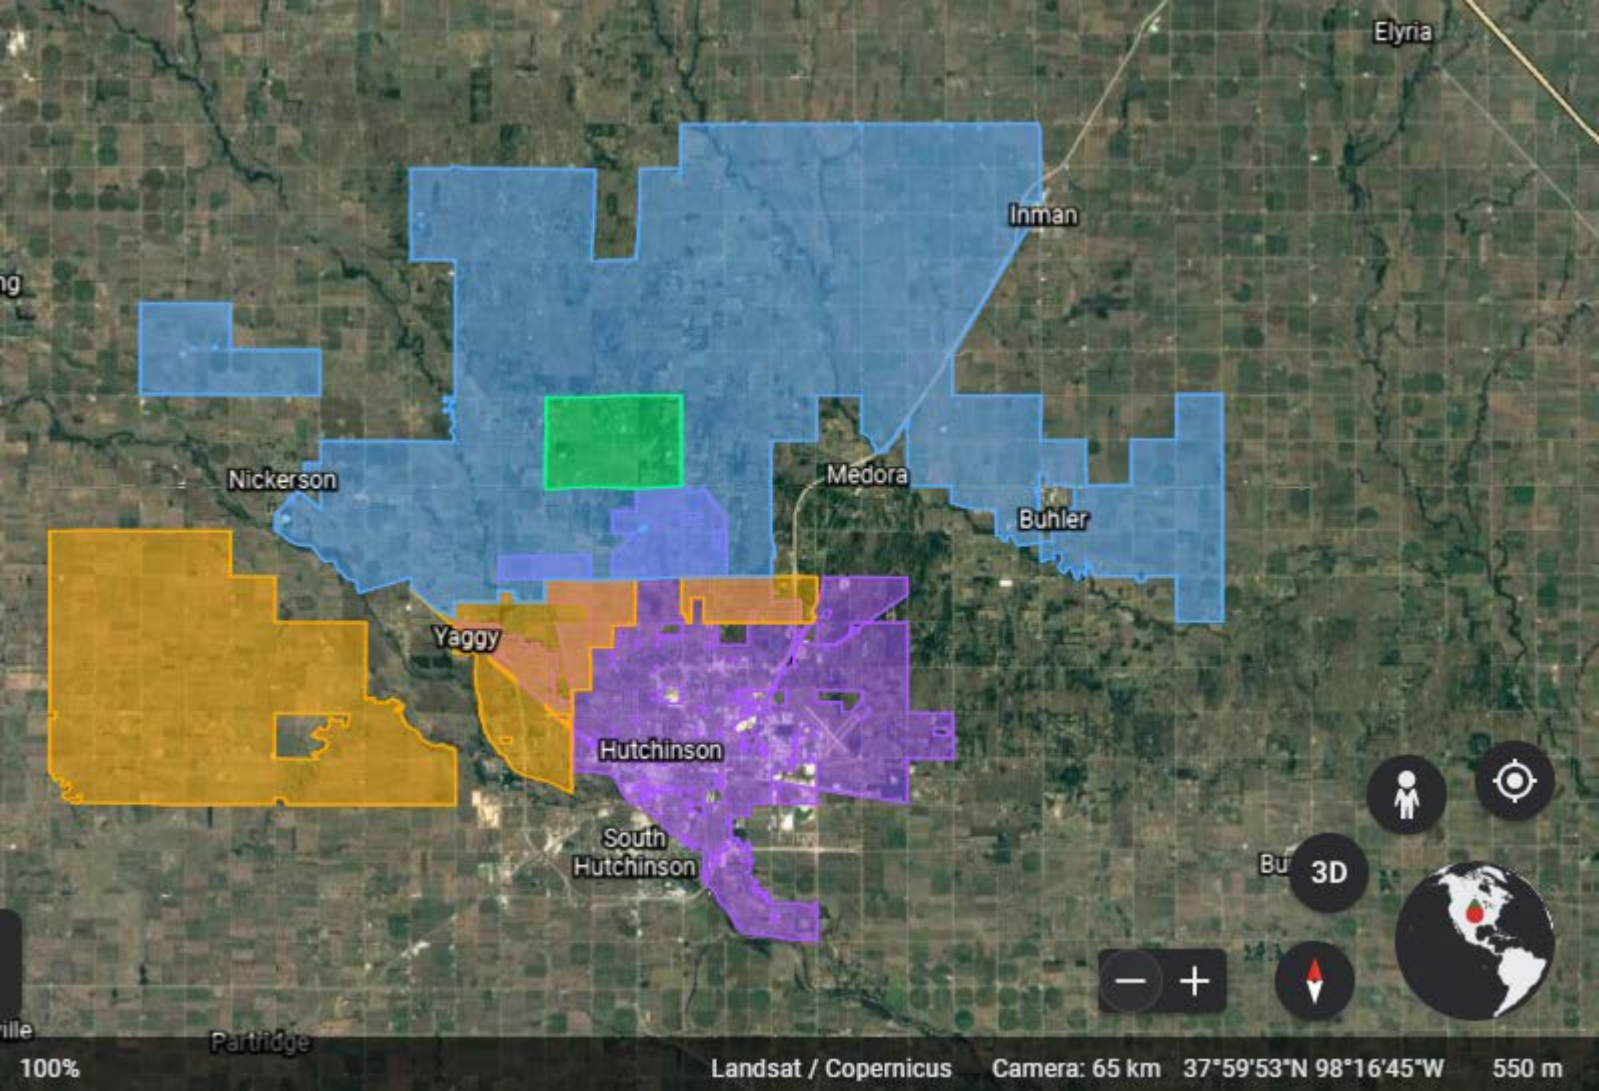

IdeaTek Telcom submits the attached information in response to Crazy Communications' proposal to the January 2021 Broadband Acceleration Grant. This application should be fully rejected due to its duplicative funding status and the additional concerning point that the applicant is requesting funding in areas it indicates are already served in its FCC 477 filing.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.

Kansas Broadband Acceleration Grant: Public Comment
January 29, 2021

Application: Crazy Communications
Committer: IdeaTek Telcom, LLC

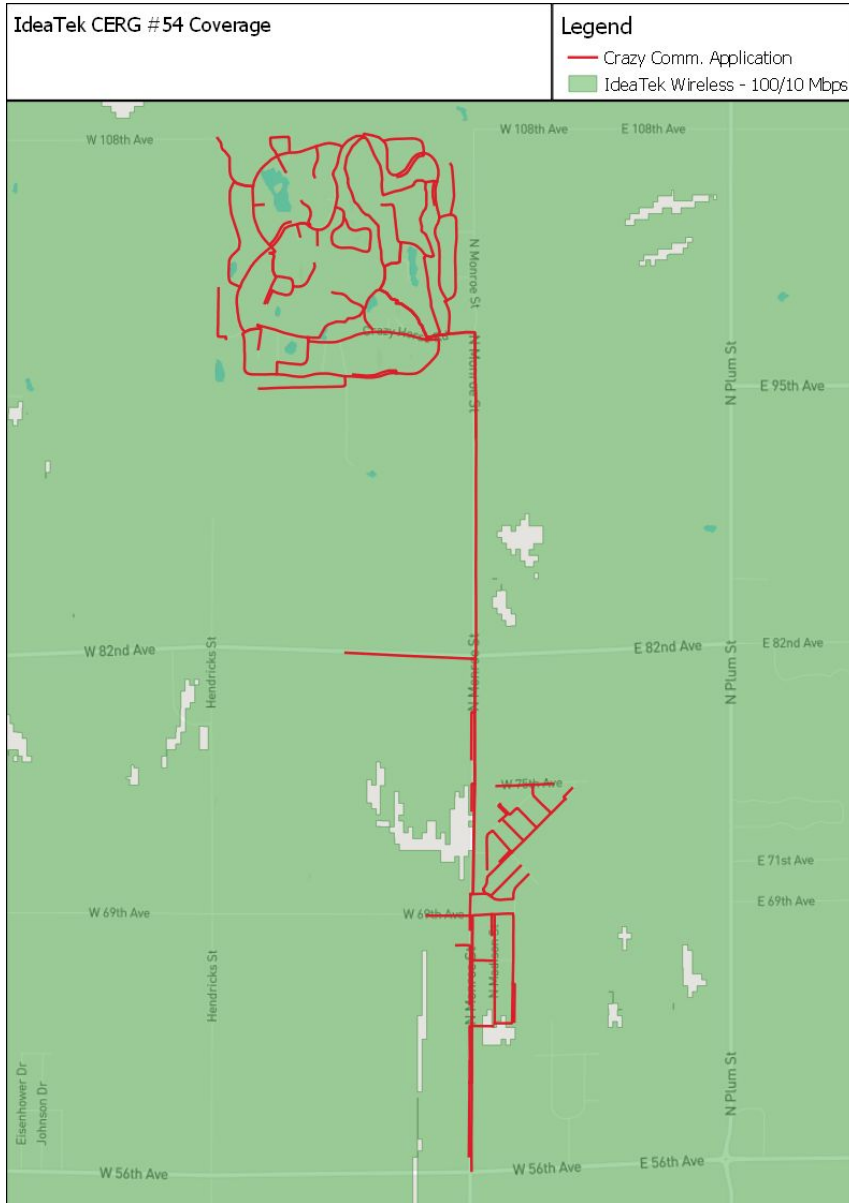

IdeaTek Telcom submits this information in response to Crazy Communications' proposal to the January 2021 Broadband Acceleration Grant.

This application should be denied in full for the following reasons:

1. Crazy Communications, by its own most recent 477, admits to already providing service at 25 Mbps download/25 Mbps upload levels or higher throughout the entire service area it wishes to deploy fiber.

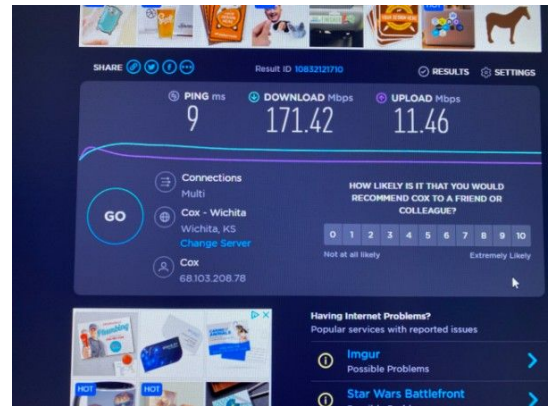

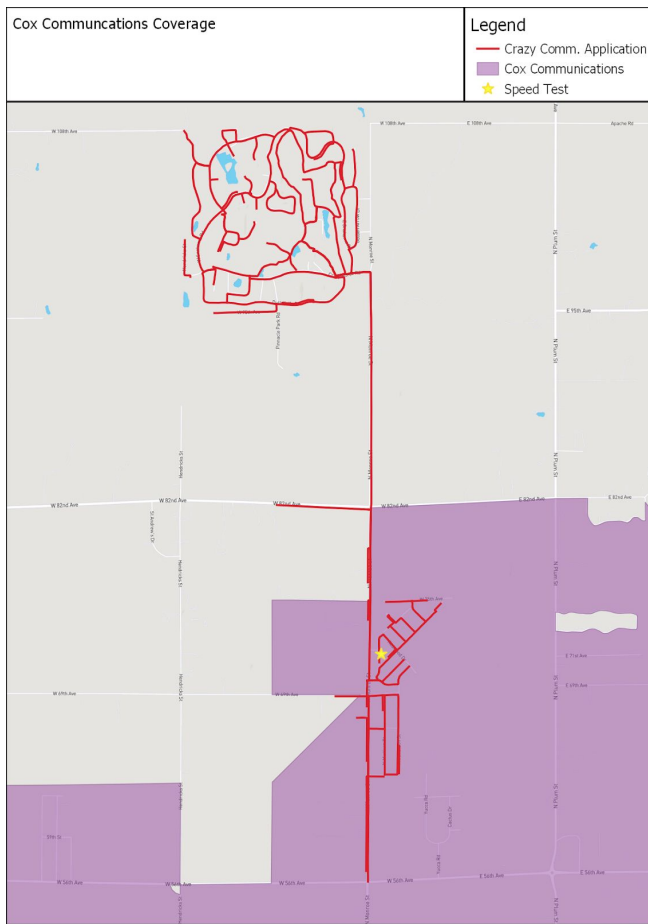

2. The proposed deployment is entirely covered by IdeaTek's recent CERG deployment and offers speeds of 100 Mbps download/10 Mbps upload speeds. This section was served under the terms of the IdeaTek CERG grant #54. Funding this area would be a duplication of state broadband funding efforts.

- 3. The Southern section of this proposed area is served by both Crazy Communications and Cox Communications. IdeaTek is well aware of this area and has surveyed this small group of homes for service. While there is in fact service interest due to generally poor customer service of Cox Communication, it is covered by cable modem services indicated to be up to 1000mbps/35mbps in FCC 477 data.

Speed test taken at 7106 N Madison St Hutchinson KS 1/28/21

Summary

In summary this application should be fully rejected due to its duplicative funding status and the additional concerning point that the applicant is requesting funding in areas it indicates are already served in its FCC 477 filing.
