Dustin,

In review of my Broadband comment I noticed this went under Haviland and should have went under DLS. Please let me know of any action I can take to change my comments. Thanks

Jeff Blubaugh

I currently serve on the Wichita City Council and own a Farm in the proposed area. As we spend a lot of weekends and free time at our farm we are very limited on our work and school ability because of the limited technology access. Last year we really felt the disconnect as our kids tried to go remote during the Covid 19 pandemic. Less then 45 mins from Wichita and limited connectivity for the area prohibits growth and actually causes the population and quality of talent to continue to diminish. This area of Kingman and Sumner County is part of the Greater Wichita Economic Partnership, I respectfully request you make broadband readily available. Thank you for hearing my opinion in this matter.
