I currently serve on the Wichita City Council and own a Farm in the proposed area. As we spend a lot of weekends and free time at our farm we are very limited on our work and school ability because of the limited technology access. Last year we really felt the disconnect as our kids tried to go remote during the Covid 19 pandemic. Less than 45 mins from Wichita and limited connectivity for the area prohibits growth and actually causes the population and quality of talent to continue to diminish. This area of Kingman and Sumner County is part of the Greater Wichita Economic Partnership, I respectfully request you make broadband readily available. Thank you for hearing my opinion in this matter.

Please provide supporting documents relative to your comments. Please submit multiple files as a ZIP file.
