To Whom It May Concern,

This letter is to express the support of Holton USD #336 for the Broadband Acceleration Grant II application submitted by Giant Communications, Inc., headquartered in Holton, Kansas.

The application proposed is to build fiber-optic broadband connectivity to homes, farms, and businesses in Denison, Kansas. The area proposed within the grant has limited broadband access. This became evident during the COVID-19 pandemic.

Expanding broadband communications has become a critical component of successful economic development, workforce retention, education, healthcare, agriculture, and the list goes on. Access to affordable high-speed internet is critical to attract and retain residents in this area.

Sincerely,

Robert L. Davies
Superintendent

Mission Statement

With the fundamental belief that every student can learn, the primary purpose of Holton School District #336 is to provide each student with learning opportunities in order to establish a foundation for success both now and in the future.
